3d printing guidelines

To print during Makers Space, the file must have the time to print within the Makers Space time (5-7pm), otherwise we can print the file at another time.

- Our bed accommodates items up to 8.6"L x 8.6"W x 9.8"H
- If the items are small enough, we can fit several items at a time during the same print, but know that slows the printing process down considerably. Please submit files separately.
- Printing is at the Library's discretion but we will not print if it is:
 - Prohibited by local, state, or federal law;
 - Unsafe, harmful or pose a threat to the well-being of others;
 - Subject to copyright, patent or trademark protection.
 - We will not print files that take over 8 hours.

Submit a 3d printing file to katharine@bridgmanlibrary.com

BPL will:

- slice the file to prepare for printing & check for errors
- respond with the cost for printing & when you can pick it up
- Print your file

Pay at pickup (to use a credit/debit card - amount must be at least \$5)
